

# SCHOOL GARDEN GROWN

PROUDLY PRESENTED BY YOUR LOCAL SCHOOL GARDENS  
AND THE MAINE SCHOOL GARDEN NETWORK

## HAVE YOU SEEN THESE STICKERS?

SCHOOL GARDEN GROWN is a program that promotes local school gardens by recognizing the gorgeous and true-to-type produce students from nearby schools have grown. After the success of the program at Common Ground last year, we're bringing this recognition to local fairs across the state.

Check out the tags on the produce tables in the Exhibition Hall to see how much wonderful food students in the local community are producing!

Use the hashtag **#SCHOOLGARDENGROWN** in your social media posts to promote this work.
